EXPERIENCE

MERN Stack Development Intern — Lucknow, India
Digipodium — *June 2025 – Present*

- Contributing to the development of a full-stack web application by building key features using the MERN stack (MongoDB, Express.js, React, Node.js).
- Actively assisting in debugging the application and participating in the deployment pipeline to ensure smooth releases.

Web Development Intern — Remote
CollegeTips.in — *May 2025 – June 2025*

- Developed and styled responsive, user-friendly web pages using React.js, HTML, and CSS.
- Successfully integrated frontend components with backend services by consuming REST APIs built with Node.js and Express.js.

PROJECTS

Personal Portfolio Website | *React, Node.js, Express.js* — July 2025

- Developed a fully responsive personal portfolio website from scratch to showcase skills and projects.
- Implemented a custom backend using Node.js and Express.js to handle contact form submissions.

DLC Chatbot | *HTML, CSS, JavaScript, Node.js, Express.js* — May 2025

- Engineered a conversational chatbot using Node.js and Express.js to answer frequently asked questions.
- Designed and implemented the chat interface using HTML, CSS, and JavaScript for a seamless user experience.

Interactive Drum Kit | *HTML, CSS, JavaScript* — Sept. 2024

- Engineered an interactive web-based drum kit using pure JavaScript, HTML, and CSS.
- Implemented JavaScript event listeners to detect both keyboard presses and mouse clicks, triggering corresponding drum audio playback and adding CSS animations for visual feedback.
